CURRICULUM COMMITTEE

INTRODUCTION

A curriculum committee is established to improve the way the course syllabus is implemented and to take the required steps to guarantee that the students meet the course goals.

This committee's primary duty is to collaborate to develop systems that will complete education in all areas of life. A balanced, multidisciplinary education with a scientific focus on goal accomplishment is required.

AIM

To create and revise curricula that satisfy both the shifting demands of society and international norms.

OBJECTIVES

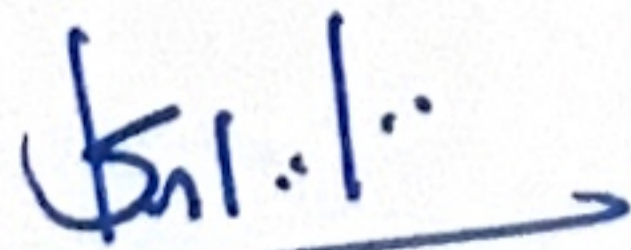

- To accept the updated academic regulations and new curriculum.
- To guarantee adherence to regulatory organizations. (MUHS, Nursing Council, etc.)
- To guarantee that the curriculum is sound, thorough, and sensitive to students' academic and general growth as well as the changing requirements of society.

ACTIVITIES

- Revising and updating the curriculum: Every two years
- Creation of short-term education programs and curriculum enrichment.
- An examination of several curriculum components.
- Analysis and suggestions for improving the curriculum.
