INTERNAL QUALITY ASSURANCE CELL

INTRODUCTION

Holy Spirit Institute of Nursing Education Internal Quality Assurance Cell (IQAC) was developed to check quality metrics. IQAC functions as a proficient and successful internal coordinating and monitoring system. The cell has been actively involved in supporting the administration and other committees by providing insightful recommendations and actions to ensure the uniformity of Nursing education quality.

AIM

To encourage institutional functioning strategies that aim to improve quality by internalizing best practices and quality culture.

OBJECTIVES

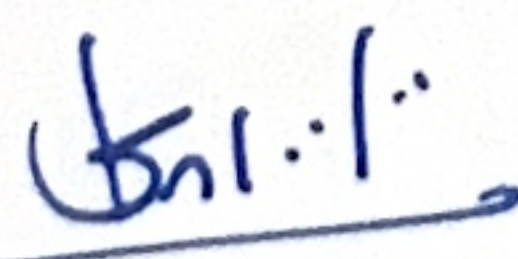

- Promote innovation, accountability, autonomy, and self-evaluation in higher education.
- Conduct studies, consultations, and training programs to improve quality.
- Collaborate with stakeholders to assess, promote, and maintain quality standards.
- Foster a culture of quality throughout the institution, enhancing clarity and focus in institutional functioning.
- Integrate institutional initiatives and institutionalize excellent practices.
- Provide decision-makers with comprehensive information to enhance institutional performance.
- Serve as an agent of change within the organization.
- Improve internal communication to facilitate policy execution and quality enhancement.

ACTIVITIES

- Develop quality assurance policies aligned with institutional goals.
- Coordinate assessment and accreditation processes.
- Conduct institutional planning and curriculum reviews.
- Organize faculty development programs.
- Collect and analyze student feedback.
- Monitor infrastructure and learning resources.
- Promote research and innovation.
- Facilitate student support services and community engagement.
- Conduct quality audits and internal reviews.
- Maintain comprehensive documentation and reporting.
